```
~/Hi I'm Alex 👋  ‣ cat description.txt
I'm a versatile web developer with a knack for crafting websites, extensions, cross-platform apps, scripts, and even 3D
experiences! Whether it's coding sleek interfaces or diving into the world of automation, I thrive on turning ideas into
 digital reality. I enjoy exploring the endless possibilities of code and bringing innovative ideas to life 😄.
 ~/Hi I'm Alex 👋 - here is some stuff I have worked with ‣ ls technologies/
TS          React/        Flutter/     Linux@       Next.js/      Vercel@       C#                Rust       Neo4j@  SMT     Nvim@
Express/    ThreeJS/      Dart         Docker@      SvelteKit/    Bootstrap/    'Razor Pages'/    MySQL@     Python  Bash
